Saskatoon, SK | Ph: 306-665-5515 | 800-667-6303

Thompson, MB | Phone: 204-677-4313

## TELEHANDLER EXCHANGE PROGRAM

### How the program Works:

- The customer to provide a freight account to ship the exchange tires and wheels.
- The customer will be invoiced a core charge of \$200 for 24" wheel and \$300 for 25"
- NSW will handle the logistics of getting the cores back once removed from the machine.
- If the core wheel is returned with the foam filled tire intact a \$100 fee will apply.
- This fee will be waived if the tire is removed and the wheel only is returned.
- Once the core has been returned and the wheel has been inspected and deemed good for service the core charge will be credited.

Tire Sizes	NEW Tire and Foam Assembly Price (EA)	EXCHANGE Tire and Foam Assembly price (EA)	Cost savings per machine with Exchange Program compared to new.
1300x24 G2	\$1,680.00	\$1,430.00	\$1000.00
1400x24 G2	\$1,950.00	\$1,705.00	\$980.00
17.5x25	\$2,375.00	\$1,979.00	\$1584.00
